Swansea University Computer Society

Join us!

SUCS is one of the University's biggest societies, offering a huge selection of services and social events to all our members for only £5 a year.
Here are just a few of the things you could be enjoying as a member:

- **Computer Room** - 24/7 swipe card access to our computer room lets you work or play whenever you want!
- **Social** – we meet every Friday from 1pm in the non-smoking end of JC's
- **Free Printing** - laser printing in the room is free!
- **Program Advisory** – we provide help with programming tasks to Computer Science students.
- **Games Server** – we provide exclusive access to our games server both from on campus and elsewhere, running UT2004, Counter-Strike: Source and more.
- **Website Hosting** - create your own site, with scripting (e.g. PHP) and SQL database support.
- **Blogs** - got something to say? Put it on the net for all to see, with our blog hosting.
- **Email** – you can have your choice of username and email address (username@sucs.org) with IMAP, POP and webmail access.
- **Library** - our library contains a wide range of Computer Science course texts.
- **Disk Space** – we offer space on our server; accessible from the SUCS room, on campus or anywhere with a internet connection.
- **Support** – our e-mail admin team are on hand to offer help with any service we provide, and you can use our forum and chatroom to talk to other members.

To join up, visit our stand at Freshers' Fayre; English, Computer Science, Engineering, Maths and Physics enrolment days, or visit http://sucs.org/join
